Kajaria Eternity **Full Body Vitrified Tile with anti-skid properties.** Full body tiles are extremely durable and consistent and keep their finish intact for years. This makes it perfect for very heavy footfall areas such as parking lots, mall entry areas, commercial complexes, educational institutes and even metro stations. In addition, anti-skid properties make it highly suitable for hospitals, schools, residential areas, offices or any commercial spaces where safety and longevity are key.

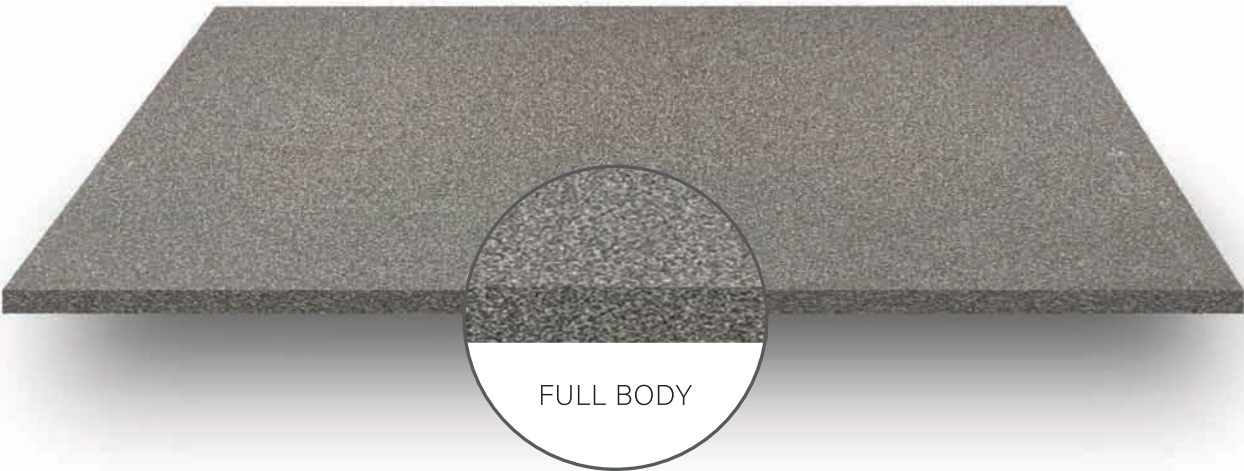

FULL BODY

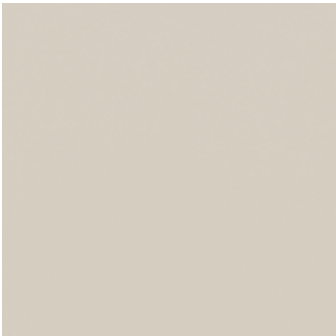

Color and texture are consistent from top to bottom of the tile body, and remain so even after extended use, making them ideal for zones with very heavy footfall

ANTI-SKID

A versatile surface with an anti-skid property makes these tiles perfect for zero slippage on slopes of upto 25°.

**Vitrified tiles have resistance to most of the stains / chemicals but, it is recommended to take due care while laying and for day-to-day maintenance.

Resistance to acids & alkalis (Exception of Hydrofluoric acid & its compounds)

- Colours in the catalogue are as accurate as printing process allows.
Please check actual tile sample before making the final selection.
- Sizes mentioned in the catalogue are nominal sizes only.
- No claim will be entertained once the tiles are fixed.
- For better laying, please follow the instructions on the packaging box.
- In case it is required to lay the tiles on wall or floor in STAGGERED PATTERN, then always lay them in Overlap 20:80 ratio, as shown in VISUAL 1 instead of Brick pattern (overlap 50:50 ratio), as shown in VISUAL 2.
- Please make sure to check the shade/finish with the sales agent/dealer before making the final purchase because there might be variation in actual finish and that shown in the catalogue. The company will not bear any loss in such case.
